

Letter Openers

High Volume

INCREASE PRODUCTIVITY WITH AUTOMATIC LETTER OPENERS

For a very high volume of incoming mail, you need a letter opener that's not just fast and reliable, but durable enough to handle the load. These high volume automatic letter openers from FP Mailing Solutions are tailor made for such a task. At speeds ranging from 32,000 to 40,000 per hour, these machines will simplify the chore of daily mail opening. Their ease of handling is enhanced by mill cutting technology that provides safe cuts, leaving a feathered edge for easy access.

Multiple motors and heavy duty construction provide the power, speed and durability you rely on. With the ability to open most types of envelopes, these letter openers make fast work of most jobs. The addition of an optional counter, variable speed control and conveyor stacker can further extend their functionality. The clean design and high speed make FP's high volume letter openers will enhance any busy mailroom.
