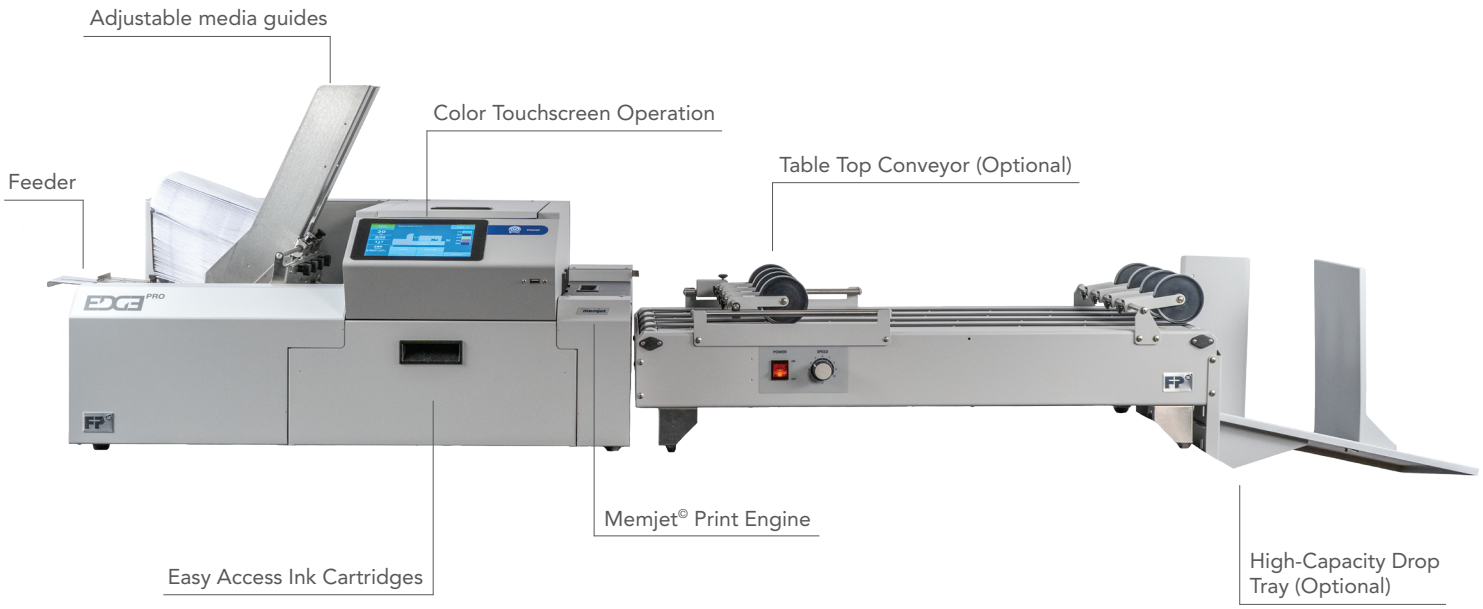
EDGE PRO

EDGE Pro

High-Resolution Inkjet Printer

An entirely new way to print, the EDGE Pro inkjet printer provides the ideal solution for high-quality on-demand printing at a lower cost than traditional print methods using cool print technology. The reconfigured print engine allows a flatter, unobstructed printing path for crisp, clean results job after job. The bright, easy-to-use 7" touchscreen display simplifies printer operation and monitoring.

Effortlessly print marketing messages and vibrant designs that grab the attention of your recipients. New automated media adjustment controls handle media up to 10.5" wide and 0.4" thick – from small envelopes to thick corrugated cardboard and padded envelopes. Capable of printing up to 8,000 envelopes per hour, or 3,600 letter-sized sheets per hour, the EDGE can cover all your printing needs with a rich 16.8 million CMYK color palette.



Saves Money

Low cost per print so you can lower your printing costs, not your printing standards
